The Measure Your Melon Ruler

For specific head measuring directions, please go to RatPackHats.com

1. Print this page. Ensure you print this PDF actual size. **DO NOT** select "*Fit*", or "*Fit to Paper*", the strip won't be the right size, and your hat won't fit!

2. Cut the ruler at the bottom of this page into three strips, use the dotted lines as guides. Also, cut each section to length, at dotted line be accurate in your cutting, or, your hat won't fit!

3. Overlap and glue (glue is best, but use tape if you must) the shaded area marked "**A**" on top of the second shaded area marked "**A**" - ensuring you line up the shaded areas on the right edge, again be accurate for proper fit. Then glue shaded area "**B**" on top of shaded area "**B**".

4. Wait for the glue to dry completely.

5. Before use, check for accuracy, by comparing the paper ruler to a regular ruler - each printer prints differently. If the paper ruler is not accurate, **DO NOT USE** the paper ruler, or, your hat won't fit.

6. Follow the directions, your hat will fit and you'll look fabulous!
